

## H&S Report. AGM 2019

I'm pleased to report that 2018 was another relatively quiet year at the club in term of accidents and incidents.

We had a few incidents on the water, involving some members of the club with the owner of a craft name 'Dippy'. These were reported to the Police, the Brayford Trust and the Canals and River Trust. As we move into the warmer months and the boat activity increases, we must make sure we are aware of the boat traffic on the waterways around us.

I am currently producing an Incident Procedure Plan to inform member of what actions to take should a repeat of the 'Dippy' Incident or anything similar occur again. Once completed this will be available to all members on the Club Notice Boards. I am also currently updating all of the Club's H&S Documents to ensure we are fully up to date and comply with any changes to Legislation.

Please contact me with any questions you have about H&S at the Club.
