GDPR:

Lincoln Canoe Club takes your privacy seriously. We will use your personal data to administer your event entry. Some of this data may also appear on websites or in publications. The details of this are outlined below.

How your information will be used:

We will use your personal data for administering your event entry. This includes, but is not limited to, sending you start lists, receipts, running orders, and directions. Event relevant information may also be published on a website or other media. By entering Lincoln Hasler 2021 you agree that we may also publish your personal information as part of the results and rankings of the event, and may pass such information to British Canoeing, the relevant discipline committee, or event organiser. This could be for the purpose of insurance, licences or for publishing results or rankings. This may be for the event you are entering or be combined with, or compared to, other events. Results and rankings data includes, among other details name, any club affiliation, points, & age category. The details of your entry may also be passed to a team leader, club representative etc who may enter the event on your behalf using the information provided. If you have any questions about the continuing privacy of your personal data please contact the race organizer.

Photographs:

During the event we may be taking photos and video. These may be used on our website, social media, British Canoeing website etc. They may also be used to promote future events. If you do not wish for images of you or your child to be published in this way, please let us know us before the race. For more information on how we process your information please read our full data.

Cancellation: The club reserves the right, without prior notice, to alter any of these arrangements should the weather or any other circumstances warrant it.
In the unfortunate occurrence that the event is cancelled, an announcement will be made on LCC website and other social media.
Lincoln Canoe Club cannot be held responsible for any damage/loss.

Please be aware we are currently experiencing some fairly major weed issues on both waterways. This is being monitored but is beyond our control...

Please clean your boats before removing to new waters to assist with the control of the spread of invasive species.

Happy Paddling!
